About the Role

Technology Asset East are a project delivery group supporting BHP's Queensland Coal operations through delivery of Technology Projects. As Principal Delivery, you will be accountable for works supporting the Technology portfolio including Capital Planning Cycle (Life of Asset and Two Year Budget), Opportunity Framing, Studies and Project Delivery.

The portfolio includes a view of Operational Technology (Digital Radio, wireless telemetry, network and data centres), Information Technology (production analysis initiatives, operational applications, cyber etc) and Digital enablement (data driven initiatives that improve safety, productivity and / or cost).

Reporting to the Portfolio Delivery Manager and as a senior member of the team you will be accountable for stakeholder engagement across the functions and operational teams ensuring alignment with the business' priorities.

This team fully embraces flexible working arrangements including working from home.

About You

As the successful candidate, you are driven to creatively and collaboratively solve problems to create and deliver business value with an unwavering commitment to safety, quality and culture. In addition you will have:

- A STEM Bachelor degree is not mandatory but would be viewed favourably, as will previous experience in business case development and capital planning.
- Excellent written and verbal communication skills with the ability to engage people at all levels of the business.
- Sharp business acumen and understanding of mining key value drivers.
- Strong action orientation and superior problem solving.
- Demonstrated experience of leading by influence.
- Project or study management experience.

- The ability to effectively engage, work with and engage stakeholders and teams across multiple geographical regions
- Ability to thrive and lead in through uncertainty and change.
- An inclusive approach as a leader with the ability to manage multiple business priorities simultaneously.

Location

This is a full-time permanent role and will be base at our Brisbane office.

These benefits include flexible working options, a generous paid parental leave policy, other extended leave entitlements and parent rooms.

About Our Process

At BHP, we are committed to employing individuals who align with the BHP Charter Values and meet the requirements of the role. As part of the recruitment process, there are a number of checks which may be conducted to demonstrate applicants suitability for a role including police / criminal background checks, medical, drug and alcohol testing, due diligence checks, right to work checks, and/or reference checks.

BHP also requires employees in Australia to be fully vaccinated against Covid-19 to ensure the safety and wellbeing of our people (from the 31st of January 2022 or earlier depending on relevant state health directives). If you are applying for a role at BHP please consider this new requirement when submitting your application. BHP will also adhere to any relevant health directives that may be made that affects our workforce. For further information please see our website.

Supporting a Diverse Workforce

At BHP, we recognise that we are strengthened by diversity. We are committed to providing a work environment in which everyone is included, treated fairly and with respect. We are an Equal Opportunity Employer and we encourage applications from women and Indigenous people.

We know there are many aspects of our employees' lives that are important, and work is only one of these, so we offer benefits to enable your work to fit with your life. These benefits include flexible working options, a generous paid parental leave policy, other extended leave entitlements and parent rooms.
